FAQ

Which insurances do you take?

We accept Medicare, Medicaid, most commercial PPO plans, and select HMO plans. Please contact our office at (512) 382-0117 option 5 to check eligibility.

What is the turnaround time on results?

We'll deliver results to your secure provider portal within 12 hours of receiving the specimen at Discover Labs.

How do I order the test?

Tests can be ordered using a paper laboratory requisition form or we can integrate with your EMR system for electronic ordering.

How do I access results?

Results will always be delivered to your secure provider portal, and we can also integrate with your EMR system so the results will be delivered to the patient's electronic chart. Please note, some integrations take longer than others. We can also set up result delivery via fax by request.

Which test kit do I use and what's the collection method?

Email contact@discover-labs.com and our team will provide you with the collection kit/instructions for the test in question.

How long is the sample viable?

Email contact@discover-labs.com and our team will provide you with the specimen stability info for the test in question.
